24	KazInterPower	22-24 May, 2018	Pavlodar	<p>The venue for the Exhibition has not been chosen randomly, as Pavlodar Oblast with its biggest Ekibastuz power stations, Aksu hydro-electric station, as well as the number of biggest heating stations serving the power-consuming enterprises of Pavlodar Industrial Region is the energy heart of Kazakhstan. The volume of generated power considerably exceeds demand of the region and it has become the biggest supplier of energy into neighboring regions of Kazakhstan and Russia.</p> <p>Currently 6 power stations with total capacity of operating equipment of 6525 MWt operate in Pavlodar Oblast. All power stations basically use mineral coal of Ekibastuz coal field. The power lines of 220-500 kV connect block power stations with regional power systems of Kazakhstan, Ural and Western Siberia. The unique power line Barnaul-Ekibastuz-Kokchetav-Kustanay-Chelyabinsk (of 1150 kV) runs through the territory of the Oblast.</p> <p>As Pavlodar Oblast is as well the one of the biggest supplier of ferroalloys, coal, alumina, machine building and other, concurrently with KazInterPower, the International Exhibition of equipment and technologies for metallurgy and coal mining industries MinTech will be held. Since 2003 the Exhibition has successfully been held in 2 biggest industrial centres of Kazakhstan, Ust-Kamenogorsk and Karaganda, and since 2011 MinTech will be held in Pavlodar.</p> <p>https://kazexpo.kz/en/our-projects/kazinterpower-2017-pavlodar</p> <p>Tel./Fax: +7 (727) 250-75-19 Tel.: +7 (727) 313-76-28, 313-76-29 E-mail: kazexpo@kazexpo.kz</p>	KazExpo
25	KADEX 2018	23 May – 26 Mat, 2018	Astana	<p>During the years of the exhibition "KADEX" it rightfully became one of the world's leading exhibition platforms for demonstrating weapons, military and special equipment, technologies in the field of information security.</p>	

				<p>For the first time, the International Forum "Space Days in Kazakhstan" will be held within the framework of the exhibition "KADEX - 2018", which will become one of the central dialogue platforms of the exhibition.</p> <p>Within the framework of the forum, an extensive scientific and business program will be held that will take place in the format of plenary and sectional meetings, conferences, roundtables, which will allow specialists from all countries to exchange views on topical issues of defense and security, development of the world cosmonautics as well as to discuss the problems of ensuring cyber security at the present stage.</p> <p>Visitors and participants of the exhibition will see the latest achievements and perspective scientific developments of the enterprises of the defense-industrial complex and the space sphere. A special emphasis on the exhibition will be made on the development of electronic systems, communication systems and weapons control, and search for modern solutions in the field of information security.</p> <p>The practical result of all of this should be the conclusion of mutually beneficial contracts, the signing of agreements and memorandums, which in turn will promote the development of partnerships in the field of military-technical cooperation, cyber security and the development of outer space. http://www.kadex.kz/eng/main Phone/fax: +7(7172) 52-42-33, +7(7172) 27-81-81, +7(7172) 27-82-82 E-mail: office@astana-expo.com</p>		
26	Central Houseware	Asia	27-30 May, 2018	Almaty	<p>Aim of the "Central Asia Houseware" is promoting the production of both European and Central-Asian manufacturers and creating conditions for the exhibitors' interaction with potential partners to develop a dealer network in Central Asia. This international trade fair will give participants the opportunity to show their products and services, to expand business contacts, conclude contracts and reach the visitors as consumers with a growing demand in this sphere.</p>	Central Asia Trade Exhibitions
