# ALUMEX GLOBAL CONFERENCE

To be held alongside the ALUMEX India Exhibition, the conference will serve as a landmark platform that brings together global visionaries, policymakers, industry experts, and business leaders to shape the future of the aluminium extrusion industry.

Organised by the ALEMAI, in collaboration with JNARDDC, the conference aims to foster cross-border dialogue, promote quality standards, and unlock new business opportunities for Indian and international stakeholders alike.

This first-of-its-kind event will spotlight the innovation, growth potential, and global competitiveness of India's aluminium extrusion sector. It will serve as a catalyst for knowledge exchange, investment opportunities, and technical advancements - positioning India as a key player in the global aluminium landscape.

Anchored by the theme "Viksit Aluminium Se Viksit Bharat", the conference emphasizes aluminium's transformative role across sectors - fueling growth, infrastructure, and the future of manufacturing in India. It highlights the metal's strategic importance in building a stronger, self-reliant, and technologically advanced Bharat.

With a focus on sustainability, skill development, and market diversification, the conference will feature:

- ✦ Expert-led technical sessions
- ✦ Strategic B2B matchmaking
- ✦ High-level roundtable discussions
- ✦ A platform for MSMEs to expand their global outreach and network

Delegates can expect high-value sessions that address the evolving role of aluminium extrusion in infrastructure, mobility, energy, and design - while exploring opportunities beyond traditional markets.

## ABOUT ALEMAI

The ALEMAI is an international non-profit organization dedicated to promote the use of aluminium extrusion. We aim to achieve this by uniting industry professionals and advocating for the benefits of aluminium extrusion. We offer resources to help members improve their skills, businesses, and overall knowledge of the industry.

### MISSION

ALEMAI aims to provide a platform to unite the voices of aluminium extruders and work towards the betterment of the industry by developing trade friendly practices & sharing technical knowledge.

### VISION

ALEMAI vision is to unite all "Aluminium Extrusion Manufacturers" across India under one umbrella with a singular mission of enhancing their prosperity through ensuring better trade prospects.

### GOALS

ALEMAI unites extruders for collective advocacy and excellence in India's aluminium extrusion sector. Advocating export-friendly policies, we collaborate with government to enhance standards and technology.

## ABOUT ORGANISING PARTNER

**Jawaharlal Nehru Aluminium Research Development and Design Centre**

Autonomous Body Under Ministry of Mines, Government of India

Jawaharlal Nehru Aluminium Research Development and Design Centre (JNARDDC), Nagpur, is a Central Government Autonomous Body under Ministry of Mines. JNARDDC having its registered office at JNARDDC, Opposite Wadi Police Station, Amravati Road, Wadi, Nagpur, Maharashtra 440023, India. JNARDDC was set up in 1989 as "Centre of Excellence" with a view to provide major R&D support system for the emerging modern aluminium industry in India.

JNARDDC is recognized as a scientific & industrial research organization by the Department of Scientific & Industrial Research, Ministry of Science & Technology, Government of India. Further, JNARDDC is an ISO/IEC-17025:2017 & ISO-17034:2016 (for production of spectrochemical CRM of Aluminium alloys grades) NABL accredited lab. The objective of the Centre is to assimilate the technology available in the country and abroad for the production of alumina, aluminium, aluminium alloys as well as to develop technical know-how for the basic engineering process and downstream areas.

Centre provides training to the personnel employed in the Indian aluminium industries. The new objective to promote and develop recycling industry and transition to a circular economy in Non-Ferrous Metal Sector has been added. Recently, Recycling Promotion Division (RPD) has been established at JNARDDC by the Ministry of Mines, Government of India to promote recycling of aluminium (Al), copper (Cu), lead (Pb), and zinc (Zn). This Division is dedicated to advancing the environmentally sustainable utilisation of non-ferrous metals through efficient recycling practices, capacity building, and stakeholder engagement. The division aims to support circular economy initiatives and contribute to resource conservation and environmental protection in the non-ferrous metal sector.

**ALUMEX™ INDIA 2025**

# ALUMEX INDIA 2025 EXHIBITION & CONFERENCE

**10-13 SEPTEMBER 2025**

**Bharat Mandapam (Pragati Maidan), New Delhi, India**

## EXPECTED FIGURES

**12,000+**

Global Visitors

**200+**

Exhibitors

**100+**

Buyer-Seller  
Meetings

**500-1000**

International Buyer & Visitors

## DELEGATES' PROFILE

- ✦ Architects
- ✦ Assembly Line and Conveyor System Manufacturers
- ✦ Auto Ancillaries
- ✦ Chillar & Refrigeration Industry
- ✦ Electrical Panels & Bus Bar Manufacturers
- ✦ Heat Sink Manufacturers
- ✦ Lighting Industry
- ✦ Luggage Manufacturers
- ✦ Modular Kitchen & Associated Fittings Manufacturers
- ✦ Motor Parts & Engine Fins Manufacturers
- ✦ Purchase Heads of Govt. Organisations
- ✦ Solar Panel Manufacturers
- ✦ Sound & Acoustics Industry
- ✦ System Window Manufacturers
- ✦ Textile Machinery Manufacturers

## PROGRAM FLOW

### DAY 1 - 10th SEP 2025 - APPLICATIONS, SUSTAINABILITY AND POLICY

10.30 to 12.30 am	Inaugural Session
12.30 am to 1.00 pm	VIP tour of exhibition with all members
2.00 to 2.40 pm	Session 1: Aluminium Applications in Transport, Construction & Energy
2.40 to 3.20 pm	Session 2: Sustainability and Circular Economy
3.20 to 4.00 pm	Session 3: Policy, Collaboration and Road mapping
4.30 to 5.10 pm	Session 4: Technical Discussion on Anodising of Profiles
5.10 to 5.50 pm	Visit To Exhibition
6.30 pm onwards	Networking Dinner

### DAY 2 - 11th SEP 2025 - MATERIALS, ALLOY DEVELOPMENT AND QUALITY

10.00 -10.45 am	Panel Discussion 1: Vision 2030 – Charting the Roadmap for Aluminium Extrusion
10.45 am- 11.25 am	Session 5: Alloy Development and Metallurgy
11.45 to 12.25 pm	Session 6: Upstream Process Control –Casting and Billet Quality
2.30 pm to 3.15 pm	Session 7: Post-Extrusion Treatments
3.15 pm to 3.55 pm	Session 8: Quality Control and Testing
4.55 pm to 5.55 pm	Session 9: Extrusion Process Innovations - Die Design and Tooling

### DAY 3 - 12th SEP 2025 - TECHNOLOGY AND PROCESS OPTIMIZATION

10.00 am to 11 am	Panel Discussion 2: Enhancing Product Quality — From Plant Floor to Product
11:00 – 11:45 am	Session 10: Advances in Extrusion Equipment and Automation
12:00 to 1.00 pm	Panel Discussion 3: The Future of Aluminium Extrusion – Automation, AI & Digital Twins
2.00 pm to 2.45 pm	Session 11: Powder Coating
2.45 pm to 3.00 pm	Valedictory & Awards Session

### DAY 4 - 13th SEP 2025 - ONLY EXHIBITION
