VISION STATEMENT

To establish Bharat Buildcon as the world's largest and most influential platform for building construction materials, services, and technology - driving India's rise as a global infrastructure leader in alignment with the Viksit Bharat 2047 mission, anchored in the three pillars of Speed, Quality, and Sustainability.

MISSION STATEMENT

To unify India's fragmented construction and infrastructure ecosystem - bringing sectoral, regional and national associations together on a single, integrated platform that showcases the nation's full manufacturing strength, innovation capacity, and industry scalability to both domestic and global audiences.

CORE VALUES

- Trust
- Collaboration
- High Impact Value
- Innovation & Quality
- Global Connectivity
- Accessible Opportunities

A LETTER FROM OUR DIRECTOR

Dear Global Partners,

Warm greetings from Bharat Buildcon.

Beyond an Exhibition — A Vision for India's Industrial Future

An Idea That Became a National Initiative

When we envisioned **Bharat Buildcon,** our goal was never to create just another exhibition.

Our vision was to establish a national platform where India's Building Materials, Construction, Infrastructure and Manufacturing ecosystem could come together and present its collective capabilities to the world.

That is where the journey of Bharat Buildcon began.

India is home to thousands of manufacturers, MSMEs, innovators and technology providers with world-class products, technical expertise and tremendous global potential. Yet, having capability and being able to showcase that capability to the world are two very different things.

Bharat Buildcon is our effort to bridge that gap.

ONE NATION , ONE EXPO.

For us, **One Nation, One Expo.** is not just a tagline. It is the philosophy that defines Bharat Buildcon.

It is an initiative to bring together India's manufacturing clusters, MSMEs, corporates, industry associations, professionals, government stakeholders and international buyers on one integrated platform.

We do not seek to replace competition.

We seek to strengthen collaboration alongside competition.

Because when Indian industries present themselves individually, they showcase their own strengths. But when India's entire industrial ecosystem comes together, it showcases the collective strength of **Brand Bharat.**

VISION 2047 — OUR COMMITMENT

As India moves towards the vision of **Viksit Bharat @2047,** we believe this journey belongs not only to the Government, but also to industries, entrepreneurs, MSMEs, innovators, institutions and every responsible stakeholder.

Bharat Buildcon sees itself as a catalyst in this national journey.

Our objective is not merely to organise a large exhibition, but to create a platform that connects industries, supports MSMEs in reaching new markets, brings global buyers to India, promotes innovation, encourages meaningful industry-government dialogue and contributes towards positioning India as a leading **Global Sourcing Hub** for the Building & Construction ecosystem.

BECOME PART OF THE VISION

Our objective is not simply to increase the number of exhibitors or visitors.
We aim to create opportunities.
We aim to build meaningful connections.
We aim to foster long-term business relationships.

Above all, our mission is not only to build the Bharat Buildcon brand, but to strengthen **Brand Bharat** on the global stage.

We invite you not merely to visit an exhibition, but to become part of a shared vision.

A vision where India manufactures.
India innovates.
India collaborates.
India connects with the world.
And India continues to earn global trust through quality, capability and reliability.

This is the journey of Bharat Buildcon.
This is the spirit of One Nation, One Expo.
This is our collective commitment towards Building Brand Bharat.
We are not waiting for the future.
Together, we are building it.

Warm Regards,
Director, Bharat Buildcon

Voices That Back Bharat Buildcon

Shri Piyush Goyal

Hon'ble Union Minister of Commerce & Industry, Government of India

Build for India!

"On National Sports Day, as we honor the achievements of Dhyan Chand ji – just as he built his game for India, we should build for India. What began as a regional, small-scale program is now growing into something far larger, and I compliment the organizers for that bold vision. This year's program should truly become a one-stop shop for the entire industry, bringing every sector together and reflecting the growing India story to the world – showcasing our capabilities across building, real estate and infrastructure."

Let this become a self-sufficient, industry-led initiative.

"I would encourage you to open the floor further – invite friendly nations to set up country pavilions from around the world. Let this become a self-sufficient, industry-led initiative, standing on its own strength."

This moment presents us with a rare opportunity that we must embrace.

"Consider this: Australia alone faces a shortage of one million homes, needed almost overnight – and they are willing to offer financial support and full access for Indian experts and skilled labour, training them to meet Australian standards. If we do not seize this moment, the loss will be ours alone. Our architects, our engineers, our structural professionals – all stand to gain new opportunities, and our financial sector stands to gain new strength. This can be a game-changer for the entire building sector."

Zero defect, zero effect.

"But even one or two weak suppliers can undo the great India story we are building – the image of Indian quality that the world is beginning to trust. As the Honourable Prime Minister Narendra Modi ji has consistently said: zero defect, zero effect."

Building the infrastructure that binds India together.

"Let us build the infrastructure that binds India together on our journey to Viksit Bharat 2047. My best wishes to Bharat Buildcon – I am confident this will be a resounding success through the collective effort of every association standing behind it."

-Shri Piyush Goyal's Speech at Bharat Buildcon Curtain Raiser

Voices That Back Bharat Buildcon

Shri Manohar Lal

Hon'ble Minister of Power and Housing and Urban Affairs, Government of India

A platform worth congratulating.

"I congratulate all the nation-builders present at this event and welcome you all. This platform brings manufacturers, technology and solution providers together to exchange views and reflect on the industry's future needs."

60 crore by 2030. 80 crore by 2047.

"Our country must prepare for a significant rise in urban population – and that means building more than 1 crore houses in our cities every year. Platforms like this help us prepare for that scale."

Built to last — not just built.

"We need a certified system of durability for every building so that what we build is designed for 50, 100, even 500 years, not just for today."

Faster. Cleaner. Future-ready.

"I urge the industry to adopt prefabricated construction, 3D printing, and alternatives like engineering bamboo – technologies that help us build faster while protecting our environment."

"Whatever you tell us, we are ready to do it."

"If any help is needed from the government, tell us – we are ready to do it."

-Shri Manohar Lal's Speech
at Bharat Buildcon inauguration ceremony

Voices That Back Bharat Buildcon

Shri Mansukh Mandaviya

Hon'ble Union Minister of Labour and Employment and Youth Affairs and Sports, Government of India

Building blocks of a stronger, self-reliant India.

"Bharat Buildcon reflects India's growing strength in manufacturing and trade – a story written not just in boardrooms but on factory floors and exhibition platforms like this one. Every material showcased here is a building block of a stronger India, in line with the vision of **Viksit Bharat 2047."**

Made in India. Trusted for craftsmanship, not just cost.

"Behind every product lies the effort of thousands of hands – manufacturers who've invested in quality and scale to ensure **"Made in India"** is recognised for its craftsmanship, not cost alone. This quiet, foundational sector will determine the pace of India's progress toward becoming a developed nation."

India's rightful place on the world stage.

"Platforms like Bharat Buildcon bring global buyers and Indian manufacturers together – building trust and partnerships that outlast a single trade cycle. As it enters its **3rd edition in 2027**, it carries the aspirations of an entire industry: one building not just structures, but a stronger, self-reliant nation."

-Shri Mansukh Mandaviya's Speech at Bharat Buildcon 2026

Voices That Back Bharat Buildcon

Shri Jitin Prasada

Hon'ble Union Minister of State for Commerce and Industry and Electronics and IT, Government of India

The world is ready for India.

"Countries that once had yet to explore India's potential are today extremely eager to engage and partner with us – because India has emerged as the talent capital of the world and the manufacturing hub of the world."

A Mahakumbh for the building fraternity.

"This Buildcon is a Mahakumbh – where you'll find everything from small fittings and furniture to cement, steel and interiors, all on one platform."

1.4 billion people. India's greatest strength.

"Our large population was once seen as a challenge. Today, these 1.4 billion people are India's greatest strength – with the purchasing power, the spending capacity, and the quality-consciousness to drive real growth."

Grow here. Invest here. Build here together.

"To our esteemed foreign participants – we warmly welcome your partnership with India. Grow here, invest here, build here, shoulder-to-shoulder with us, in a spirit of true and equal partnership with our MSMEs."

Open markets. Open doors.

"Under Prime Minister Modi ji, India has ensured free trade market access to 70% of the developed world – including the EU, Australia, Oman and New Zealand. And with the India–UK CEPA agreement now in effect, another major market has opened for Indian industry."

Atmanirbhar Bharat - in its truest sense.

"India has become a hub for semiconductor manufacturing, design and packaging – building the entire ecosystem domestically. That is Atmanirbhar Bharat in its truest and most complete sense."

-Shri Jitin Prasada's speech at Bharat Buildcon inauguration ceremony

THE JOURNEY SO FAR

2025 – Vibrant Buildcon

The beginning. A focused first step that brought India's building materials sector together and proved the concept: a dedicated platform where Indian manufacturing could meet global demand.

2026 - Bharat Buildcon, One Nation, One Expo.

The scale-up. What began as a single-sector gathering grew into a unified national platform – one expo representing the diversity and capability of India's construction and building materials industry to the world.

2027 - Bharat Buildcon Building,Towards The Brand Bharat Together

Building Brand Bharat Together by uniting India's fragmented building materials, construction, infrastructure, and allied industries on one integrated platform to drive innovation, business growth, and global competitiveness.

TOWARDS BUILDING
THE BRAND BHARAT
TOGETHER

12 SECTORS. ONE FLOOR

THE COMPLETE BUILDING ECOSYSTEM

The construction supply chain in one unique event.
Everything you build with. Everyone you build for.

Ceramic Tiles

Sanitaryware

Bathroom Fittings

Bathroom Accessories

Laminates

Plywood

Tile Adhesives & Grouts

Modular Furniture

Construction Chemicals

Door & Cabinet Hardware

Marbles, Granites & Natural Stones

Paints, Wall Putty & Gypsum Board

WHY **EXHIBIT?**

- **The first exhibition of building material industry supported by the Ministry of Commerce & Industry, Government of India.**
- **A national platform designed to showcase India's manufacturing strength and represent the country on the global stage, aligned with the vision of One Nation, One Expo**
- **Direct access to 900+ International buyers from 100+ countries.**
- **Strong presence of 50,000+ domestic buyers including dealers, distributors, traders developers, builders, architects, interior designers & Government Procurement Department.**
- **Participate in conferences and knowledge sharing seminars to gain insights of new trends, government policies, and future business opportunities.**

YASHOBHOOMI (IICC)

(Asia's largest & world's third-largest convention centre)

- Spanning over **890,000 square meters**
- Total **indoor exhibition** and **convention area** of **300,000 square meters**
- **One of the largest MICE** (Meetings, Incentives, Conferences, and Exhibitions) destinations **in Asia**
- **10 km** from **Indira Gandhi International Airport**
- **Direct metro access** from inside **the venue** (Airport Express & Blue Line)
- **3,600 rooms** in nearby **Aerocity**
- **Parking capacity** for **2,900 vehicles**
- Easy connectivity to key hubs: **Gurgaon, Diplomatic Enclave, and Dwarka Expressway**

WHAT TO **EXPECT IN 2027?**

Building on the momentum of 2026, Bharat Buildcon returns in 2027 with a bigger vision, wider global participation and greater opportunities for business, sourcing and collaboration.

50,000+ Domestic Visitors Across India & Globe

900+ International Buyers From 100+ Countries

500+ Exhibiting Companies Across India & Globe

VISITOR'S PROFILE

GLOBAL DELEGATIONS & TRADE CORRIDORS

100+ Countries. 6 Continents. One Global Platform.

Bharat Buildcon draws official delegations, embassy and trade-mission representatives, chambers of commerce, and government procurement bodies from every corner of the globe – turning one floor into the world's most connected building materials market place.

Six Regions. One Room.

Asia · Africa · Europe · Middle East · Americas · Oceania

Trade Corridors, Mapped

Dedicated country pavilions and FTA/CEPA trade corridor showcases connections between Indian manufacturers directly to priority markets – starting with East Asia, UAE, and Oceania, with more corridors added as partnerships confirm.

The World In The Room

USA · UK · Germany · Japan · South Korea · UAE · Saudi Arabia · South Africa · Kenya · Brazil · Mexico + 80 more nations

WHY VISIT?

Diversified Industry Representation: Interact with companies from multiple building material and construction sectors. A single platform showcasing the full diversity of India's construction industry.

Complete Building Materials Ecosystem Under One Roof: Explore the entire building materials value chain at one location. From raw materials to finished products, technologies, and solutions.

Cross-Category Business Opportunities: Meet decision-makers across sectors, not limited to one product category. Ideal for discovering new suppliers, partners, and collaborative opportunities.

900+ Foreign Buyers from 100+ Countries: Connect directly with international buyers seeking Indian products and solutions. A strong gateway for export enquiries, sourcing, and global partnerships.

50,000+ Domestic Trade Visitors: Engage with a large domestic audience of builders, EPCs, distributors, and buyers. Strengthen your presence across India's fast-growing construction market.

BHARAT BUILDCON
International exhibition for building materials

03 04 05 06 JUNE, 2027
YASHOBHOOMI, NEW DELHI – INDIA

Exhibition Hall -1 Yashobhoomi (IICC)

WHY **INDIA.** WHY **NOW.**

The world's next big build starts here.

A Market Without Comparison

A scale that speaks for itself.

One of the world's largest and fastest-growing construction markets – where demand isn't a forecast; it's already happening.

Infrastructure Moving at India's Pace

Highways, ports, cities – built for tomorrow, today.

Rapid infrastructure expansion and accelerating urbanisation are reshaping India's map and creating sustained demand across every allied industry.

Smart Cities. Real Transformation.

Urban India is being rebuilt from the ground up.

From connected infrastructure to sustainable design, India's Smart Cities mission is redefining what urban living looks like.

Make in India. Sell to the World.

Manufactured here. Trusted everywhere.

A strong, diversified manufacturing ecosystem backs Make in India – turning domestic capability into global export potential.

Building Toward Viksit Bharat 2047

A developed India. A generational opportunity.

Every project, every partnership, every product built here contributes to a national vision – a developed India by 2047.

EVENT OVERVIEW: BHARAT BUILDCON 2026

Bharat Buildcon 2026, held at the state-of-the-art Yashobhoomi (IICC) in New Delhi, stood out as a massive success and a benchmark event for the South Asian building materials industry. The four-day mega-exposition served as a high-octane hub for live product launches, technical knowledge seminars, and structured B2B matchmaking sessions.

The event successfully brought global scale to India's core manufacturing sectors, creating unmatched networking velocity and concrete trade opportunities for everyone involved.

2026 SUCCESS AT A GLANCE

330+	Exhibiting Companies
750+	Verified International Buyers
90+	Countries Represented · 6 Continents
40,000+	Domestic Business Visitors
3,500+	International Buyer–Seller Meetings
12+	Organised International Delegations
$35.14 million+	Export Market Opportunities Generated*

BHARAT BUILDCON 2026
A GLOBAL SUCCESS STORY

THE WORLD CAME TO INDIA

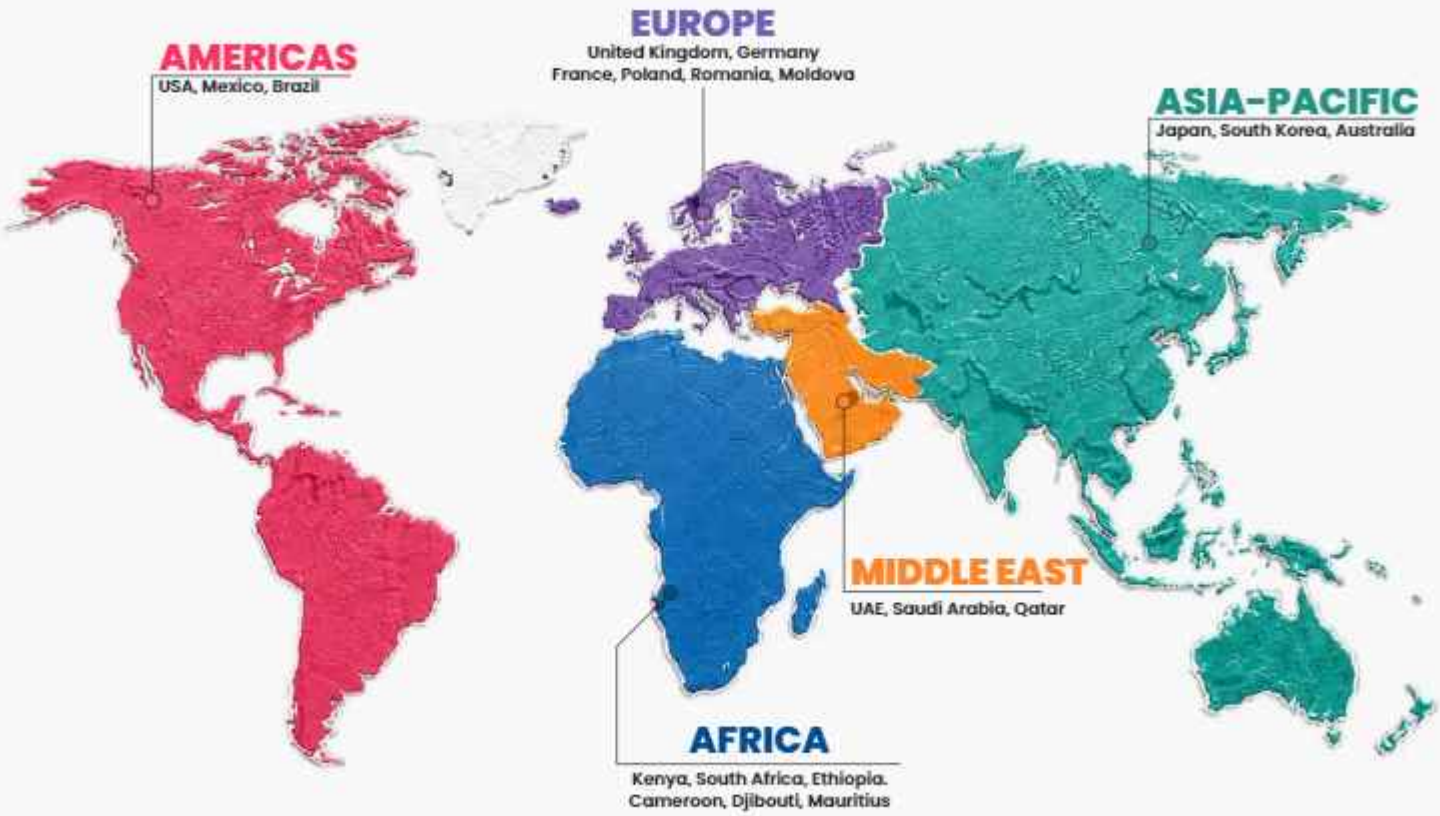

One floor. Every continent.

Bharat Buildcon 2026 brought together a truly international business community, creating a dynamic meeting point between India's manufacturing capabilities and global sourcing demand.

International buyers, importers, distributors and business delegations travelled to India to explore products, identify suppliers, initiate partnerships and build long-term sourcing relationships with Indian manufacturers.

The event demonstrated the growing global confidence in India's building materials industry reinforcing Bharat Buildcon's vision of positioning India as the world's preferred sourcing destination.

DELEGATIONS
FROM ACROSS THE GLOBE

...and many more.

HOSTED BUYER PROGRAMME & B2B MEETINGS

CONNECTING GLOBAL DEMAND WITH INDIAN MANUFACTURING

The Hosted Buyer Programme brings qualified overseas buyers, importers and procurement professionals directly to India's manufacturers – removing the distance between global demand and Indian supply.

WHAT'S INCLUDED

Visa Assistance & Invitation Letter

A smoother path to India, handled for you.

Hotel Accommodation & Airport Transfers

From 2nd June 2027 (Afternoon Check-in) to 5th June 2027 (Morning Check-out).

Airport Transfers – Complimentary airport pick-up will be provided from 2nd June (Early Morning) until 3rd June (Midnight). Airport drop-off will be arranged from 5th June (Morning) until Late Evening.

Daily Transportation – Complimentary transportation between the hotel and the exhibition venue as per the schedule planned by the organisers.

B2B Matchmaking

Curated meetings with the right manufacturers – a focused agenda.

Gala Dinner Invitation

Where business conversations continue beyond the boardroom.

Special Invitation to the Inauguration Ceremony

Be a part of the official opening ceremony and connect with government dignitaries, industry leaders, exhibitors, and international delegates.

BUILT FOR **REAL DEALS**

- Product Sourcing
- Distribution Agreements
- Long-Term Supply Agreements
- Export Partnerships

MEET. DISCUSS. NEGOTIATE. COLLABORATE. GROW.

(Benefits subject to eligibility, selection criteria and programme terms & conditions.)

DELEGATES TESTIMONIALS

"Poland Chamber is building trade bridges between India and Poland, helping Indian MSMEs enter Europe via Poland while giving Polish firms access to India's market. He noted current bilateral trade stands at just $3.5 billion against a potential $50 billion, and thanked Bharat Buildcon for the platform to help close that gap. With Bharat Buildcon as a key partner, he expects the scale of this event to drive much larger deals between Indian and Polish businesses."

Mr. Vincent Peter (VP, Poland Chamber of Cooperation)

"Participating in Bharat Buildcon with a delegation of 45 companies was a valuable experience. The exhibition showcased India's leading manufacturers and created excellent networking opportunities. We appreciate the quality, innovation, and professionalism displayed and look forward to strengthening business ties with India."

Ms. Christina (Chamber of Commerce, Moldova)

"India today is a completely different story from the India of 2010—it has grown tremendously and now offers both quality and competitive pricing to the world. With the India-EU Free Trade Agreement in place, it's time to convert this potential into real import-export numbers. The excellent organisation of Bharat Buildcon, along with the warmth of the Indian people, has strengthened our confidence in deepening bilateral cooperation between India and Romania."

Mr. Boris Foca, Romania (Chairman of the Business Association Eurasia)

"Bharat Buildcon was a valuable opportunity to interact with major companies from India and around the world, calling the experience a reality of what they had hoped to achieve. Bharat Buildcon highlighted the strong quality and innovation of Indian products particularly citing cooling tiles ideal for Africa's high temperatures and noted that Indian companies are already well established in Senegal through construction and service delivery, with cooperation between the two nations growing steadily. This exhibition emphasized that Indian products offer excellent value, combining durability with competitive pricing, which reduces cost

while increasing benefits for businesses and has strong intent to lead a larger delegation from Senegal and Gambia to next year's edition, as such exhibitions should also be decentralized so Indian expertise can reach businesses across the world."

Mr. Assane Ndiaye (Senegal)

"I've been genuinely impressed by the Indian government's commitment to the building industry at Bharat Buildcon. This convention will only get bigger and bigger as time goes by. We found Indian pricing, service, and product variety highly competitive, and the hospitality here has made it an honour to be part of. I'll be sharing this positive experience back home, and I encourage international buyers who haven't visited yet to see it for themselves."

Mr. Jungchul Lee (South Korea)

EXHIBITOR'S TESTIMONIALS

"Bharat Buildcon has always been an exceptional platform for Shree Cement. Year after year, Bharat Buildcon connects us with the right architects, builders, engineers, and dealer networks to take our business forward. What truly sets Bharat Buildcon apart from every other event is the quality of the gathering, business leaders here come with a genuine mindset for growth, and Bharat Buildcon gives us the perfect stage to meet them. Simply put, Bharat Buildcon delivers extraordinary results, and we look forward to this partnership continuing to grow in the years ahead."

- **Mr. Puneet Verma,** Shree Cement

"Bharat Buildcon stands as a pioneering platform, bridging the MSME sector with India's broader construction ecosystem in a way the country has never witnessed before. The response has been extraordinary; forging connections with buyers from Tier 2 and Tier 3 cities, offering deep insight into their unique supply chain challenges, and sparking genuine interest among foreign delegates.

optimism has evolved into an overwhelmingly positive reception from buyers, sellers, and builders alike, far exceeding our expectations."

- **Mr. Atul,** Rafataar.Ai

THE MOMENTS THAT DEFINED 2026
